

NEVADA CITY POLICE DEPARTMENT

Nevada City, California

November 5, 2021

Exciting news! On October 27, 2021, city council voted to “support and enhance” the police department. This means filling the four vacant police officer positions ASAP. The salary and benefit package is under review also and aims for a correction toward becoming more competitive.

Jump on now for instant seniority and to assist with enhancing the department. The starting salary step takes into consideration an applicant's training and experience. Lateral, police academy graduates, and those currently attending a police academy are encouraged to apply.
